THE COLLEGE CALENDAR FOR 1936-1937

First Semester

1936

Sept. 9-14, Opening Program:

Sept. 9, Wednesday, 8:00 a.m.—Registration of new students; payment of bills by old or new students who have registered.

Sept. 10, Thursday, 8:10 a.m.—Opening chapel service; first meeting of classes; registration.

Sept. 12, Saturday, 8:00 p.m.—Y. W. C. A. and Y. M. C. A. receptions.

Sept. 14, Monday, 8:00 p.m.—Faculty reception.

Oct. 7, Wednesday, 9:00 a.m.—Fall meeting of the Directors.

Oct. 30, Friday—Founders' and Homecoming Day.

Nov. 26, Thursday—Thanksgiving Day.

Dec. 17, Thursday, 3:00 p.m.—Christmas holidays begin.

1937

Jan. 6, Wednesday, 8:10 a.m.—Chapel; class work resumed.

Feb. 2, Tuesday—First semester ends.

Second Semester

Feb. 4, Thursday—Second semester begins.

Feb. 9, Tuesday—February meetings begin.

Mar. 26, Friday, 4:00 p.m., to Mar. 30, Tuesday, 8:10 a.m.—Spring vacation.

May 3-7, Registration for 1937-1938.

June 4-8, Commencement program:

June 4, Friday, 8:00 p.m.—Senior class play.

June 5, Saturday, 8:00 p.m.—Recital of Music and Dramatic Art.

June 6, Sunday, 10:30 a.m.—Baccalaureate service.

June 6, Sunday, 7:00 p.m.—Vesper service.

June 7, Monday, Alumni Day:

9:25-11:15 a.m.—Alumni seminars.

3:00-5:00 p.m.—President's reception.

7:00 p.m.—Annual Alumni Association dinner.

June 8, Tuesday, 8:30 a.m.—Spring meeting of the Directors.

June 8, Tuesday, 10:00 a.m.—Commencement.

DR. RALPH WALDO LLOYD
President of Maryville College

COLLEGE PRESIDENT'S WELCOME

College life may mean many enriching experiences—experiences of study, friendship, recreation, touch with large events and strong personalities, culture, loyalty to Alma Mater and her ideals, religion.

That every Maryville College student may have the will and find the way to enter these experiences is the writer's sincere wish at the beginning of the one hundred and eighteenth year of our College life. Every indication is that it will be a high year on the campus.

Warmest greetings!

RALPH WALDO LLOYD,
President of Maryville College.

EDITORIAL PREFACE

The editorial staff takes this opportunity to welcome you to Maryville College. We are glad that you have chosen our College as yours, and we are especially happy that we may have this small part in helping you to become acquainted with our campus. This book is presented to you by the Maryville College Y. M. C. A. and Y. W. C. A. in the hope that you may find it of value as you become true and loyal Maryvillians.

We sincerely hope that in the following pages you may find answers to those questions which may naturally confront you as you look forward to life on the "Hill". This book is inadequate as a real, complete introduction to Maryville, but we are sure that as you enter into our activities here you will come to know the Maryville that we know and love. We cherish for you the great happiness that has been ours in the years that we have spent at Maryville.

Read this book carefully; follow its suggestions; and resolve to honor and to respect the traditions and ideals of the College that it represents. May the best of success and the greatest happiness be yours as you become a loyal "Scottie".

THE EDITORIAL STAFF.

PART I

GENERAL INTRODUCTION TO MARYVILLE

GENERAL INTRODUCTION TO MARYVILLE COLLEGE

When one has really come to know Maryville by experience any words that might be used in describing it seem vain and inadequate. There is something about Maryville that captivates the affection of even the most self-complacent students. One cannot stay at Maryville long without feeling himself affected by that certain something that some have chosen to call the "Maryville Spirit." What it is we do not know. We merely know that it exists. So, as we present the general facts about Maryville, we do not claim to introduce you to the real Maryville. You must experience that for yourself.

Maryville College was founded in 1819 by Isaac Anderson to supply the need for an educated ministry for the Southwest. The school continued with a slow, steady growth until the Civil War, which closed the College for five years. In 1866 the institution was reopened with a very small enrollment which, however, grew very rapidly. The enrollment in 1900 was about 400, of whom only 80 were of college rank. Last year 889 students, all of them of college rank, were enrolled.

Through the years the function of the College has changed to suit the varying needs of the people it served. About ten years ago the preparatory department was discontinued and the College became what it is now, a liberal arts college providing a cultural background. Maryville is on the

approved list of the Association of American Universities and offers to the student who will work an education comparable to any to be obtained anywhere in the country.

The city of Maryville is situated sixteen miles south of Knoxville. Tennessee, in a section of the country rich in historical lore and tradition. It has an elevation of 1,000 feet, and, besides being one of the gateways to the Great Smoky Mountains National Park, is quite near the recently completed Norris Dam project of the Tennessee Valley Authority. The population of Maryville is 5,000, with another 5.000 living in Alcoa, a twin community named for the Aluminum Company of America, which operates its largest factory there.

The territory surrounding Maryville offers much in the way of beautiful scenery. From the campus can be seen the heights of the Great Smokies, the Chilhowees, and the Cumberlands, green in spring and often white with snow in winter. You will have opportunity to visit the mountains many times. Various campus organizations sponsor overnight hikes to these places of interest. Plan to take advantage of these opportunities.

As for the campus we would venture to say that there are few more beautiful in the country. A definite program of campus beautification has been in progress during the past three years. Hundreds of small trees and shrubs have been added to the campus; a new circular drive is soon to be completed; and numerous other improvements are being made. Included in the campus is an extensive College woods of

pine and fir. Here, very near the College botanical gardens, is a huge, natural amphitheatre in which the beautiful and impressive May Day pageant is given each year. Included also on the campus is a nine-hole golf course.

There are twenty buildings on the campus, the principal ones being described in the school catalogue. You will find no difficulty in becoming located, however, for within a few days after your arrival you will know them as well as the upper-classmen do.

As from the very beginning of the College Maryville aims to lay positive emphasis on religion and morals. Students are required to attend Sunday school and church. Attendance at daily chapel services is also required. The College is organically related to the Presbyterian Church, U. S. A., but it is not sectarian in purpose or program, and students attend the church of their own choice. The leading denominations have churches in Maryville. More will be added about the churches on a later page.

There are no social fraternities at Maryville and no dancing, as it is not felt that they are necessary or in harmony with the general aims and purposes of the school. However, there will be plenty of social activity, sponsored by the two "Y's", the Student Council, and various other organizations and clubs. There are four societies, two for men and two for women, each of which presents a short, entertaining program every Saturday night.

To give an indication of the activities on the "Hill" we will list some of the clubs.

The vocational clubs, mainly for study and fellowship along particular lines, are: Student Volunteers, Ministerial Association, Pre-Medical Club, Law Club, Chemistry-Physics Club, and the Language Clubs. Besides these clubs there are the various state clubs composed of students from the same section of the country, a Shakespeare Club, and honor societies for athletics, debate, dramatics, and scholarship. More detailed descriptions of some of these clubs will be given later. There are also other clubs not mentioned which will welcome you to their membership as you qualify and feel inclined to join. Club membership is not essential but it always proves helpful and worthwhile. However, don't just be a "joiner." When you join a club support your club.

One of the advantages that everyone who comes to Maryville enjoys is the wide contact that is possible within the limits of the campus. Students come from thirty-six states as widely separated as Massachusetts, Florida, and California. Last year two foreign countries were represented, chiefly by members of missionaries' families. The enlarged vision, the more sympathetic understanding, and the new interests gained by these contacts are among the many values found at Maryville.

A general introduction to Maryville College would not be complete without a word about sports records and the athletic department. Maryville, last year, won the state wrestling championship for the fifth consecutive year. The "Scotties" also copped the Smoky Mountain Conference titles in basketball, and track. When you come to

Maryville be a loyal supporter of the Orange and Garnet. The teams will appreciate your encouragement. Football starts the athletic program off at the opening of school in September, and athletic activity continues throughout the year.

When you arrive in Knoxville, either in the bus or in the train station, look for someone with a Maryville tag. They will be glad to direct you over to Maryville. Then when you arrive on the campus, go to one of the information desks or tables staffed by members of the Y. W. and Y. M. C. A. Make yourself known to them and they will direct you to your dormitory. There, other students will help you with your baggage and assist you in finding your room. There will probably be some confusion, but it won't take you long to get your bearings.

New students are continually surprised and impressed in finding such a friendly spirit in evidence at Maryville. As a general thing new students expect to be the under-dogs, but this is not the case at Maryville. There is no hazing or mistreating of the new students. You will find the upper-classmen ready and willing to help you in every possible way. Ask them questions, borrow from them until your trunk arrives—they won't mind. It's the Maryville spirit. The new girls will be especially taken care of by their "big sisters", arranged for by the Y. W. C. A. As for new fellows you won't be assigned a "big brother," but you will be "big-brothered".

Now that we have given you this general introduction we urge you to come to Maryville prepared to make friends and to spend the happiest four years that you have ever experienced.

PART II

Y. M. C. A.
and
Y. W. C. A.

Y. M. C. A. PRESIDENT'S WELCOME

DEAR FELLOWS:

Greetings from the "Y". The officers and the cabinet unite with the members to say, "We're glad that you are going to be with us at Maryville." The first few weeks will probably give rise to some new and bewildering problems. The "Y" hopes to be of real assistance to you during this period of adjustment. Look for a "Y" man. He wants to be your friend.

The emblem of the Y. M. C. A. is a triangle within a circle. The points of the triangle stand for the physical, mental, and social phases of life. The circle stands for the realm of the spiritual. The aim of the "Y" is to interpret the physical, mental, and social issues of life in the realm of the spiritual.

We seek to solve the vital problems of life in the light of the life of Jesus. Keeping always in the fore our motto: "Conquerors through Christ," we will endeavor to express life on its highest plane.

Let me assure you of my personal interest in each one of you. Come over to Bartlett Hall, the "Y" building, and let's talk things over.

Remember, the "Y" needs you, and we believe that you need the "Y".

Sincerely in Christ,

RICHARD L. SCHLAFER,
President Y. M. C. A.

Y. W. C. A. PRESIDENT'S WELCOME

DEAR NEW GIRLS:

Y. W. welcomes you! We are glad Maryville is the college of your choice and we know that you will learn to love it as we do.

Do not feel that you are coming to a strange place, for, as soon as you reach the campus, a Y. W. girl will be there to help you, to answer your many questions, and to welcome you to many true friends.

As for Y. W. itself, we want you everyone. We hope you will take part in its activities for the pleasure, comradeship, and inspiration to be gained. Your lives and ours will be enriched through the deep friendships we will share.

So, again we welcome you and are eagerly looking forward to seeing you.

Sincerely yours,

LOIS BROWN.

Y. M. C. A. ACTIVITY

The motto of the Y. M. C. A., "Conquerors through Christ," is indicative of the fact that the "Y" is a group of wide-awake, progressive, and earnest young men. It seeks to serve the men of the "Hill" in every phase of life. The cabinet is composed of representative and sincere men of the college who want to help you in every way possible.

The "Y" sponsors interclass athletics in football, basketball, track, and swimming. Tournaments are also conducted in handball, boxing, and wrestling.

The semi-annual mountain hikes and banquets are naturally among the most popular features of the "Y" program.

In Bartlett Hall—the "Y" headquarters—will be found the reading and game rooms. Here there is a good radio, current magazines, and newspapers. Games including pool, ping-pong, checkers, chess, and dominoes are here for your entertainment.

The Sunday afternoon meetings in Bartlett Hall are the times when we try to reach decisions on the vital issues of life. These meetings are brief, interesting, instructive, and inspiring. They are featured by special music, prominent guest speakers. and student discussions. They are the hub of the "Y" program.

We believe that the "Y" presents a wonderful opportunity for the development of the three-fold life.

Join the "Y"! Take an active part in all of our activity! Unite with us and be a "Conqueror through Christ"—not toward a religious asceticism, but toward a vital red-blooded Christianity.

Y. W. C. A. ACTIVITY

Maryville's Y. W. C. A, has, for forty-eight years, purposed to help girls find satisfaction and peace in Christian living. Contributions directly to this aim are the Sunday afternoon worship services, Nu Gamma Sigma groups, Big Sister movements, and participation in the East Tennessee Interracial Commission.

The program of Y. W. C. A. also includes expressive activities such as semi-annual tennis tournaments, production of the May Day Pageant, and a part in bringing Lyceum artists to the campus. For those interested in social work there are opportunities to help in the mission chapels and in the orphanage.

The organization maintains contacts with wider groups by sending delegates to the State Student Conference and the Blue Ridge Conference for Southern Colleges and Universities. It is also affiliated with the World Student Christian Association.

JOINT ACTIVITIES

Joint Devotional Meetings

Usually the devotional meetings of the Y. M. C. A. and the Y. W. C. A. on Sunday afternoons are held separately, but at various times joint meetings are held, in the conduct of which both organizations cooperate. The programs of these joint meetings are of a special character, and are very worthwhile.

Fred Hope Drives

This drive is not carried on by the "Y's", but is carried on by all the students of the school and we thought best to bring this to your attention. Fred Hope was a student at Maryville some years ago, but now he is in Africa, and each year a volunteer offering is taken up by the school for Fred Hope and his work.

Blue Ridge Conferences

Each spring, following commencement, a conference of Southern college Y. M. C. A.'s and Y. W. C. A.'s is held at Blue Ridge, North Carolina. The two organizations on College Hill regularly send delegates to these conferences.

The Artist Series

The Artist Series, sponsored jointly by the Y. M. C. A. and Y. W. C. A., consists of about four numbers each year, including musical, literary, or other cultural entertainment. You will want to attend these programs, for you pay for them in with your student activities fund, and they are of great interest here at Maryville.

Circuses

Once a year the alumni gymnasium is the scene of a tremendous circus, put on jointly by the Y. M. C. A. and the Y. W. C. A. It's fun, and we are sure you will want to be in the circus or at least see it.

NU GAMMA CHAIRMAN'S WELCOME

DEAR NU GAMMA GIRLS!

We don't know how much you have thought about us, but we should like you to know that we have thought about you. In fact, we are very much interested in you and it is with pleasure that we are anticipating your arrival.

There will be funny feelings inside you when you arrive. There will be much laughing, and talking, until bed time; and then you will begin to feel that you are far away from home. It won't be long, however, before you will be in love with Maryville. You won't be able to help yourself, any more than we could help ourselves. Maryville captivates all those who come within its halls, and we shall do our best to make you feel at home.

Wherever you are, New Girl, we say, "Welcome to Maryville."

Sincerely yours,

LOUISE ORR,
Nu Gamma Chairman.

PART III

GENERAL STUDENT ACTIVITY

General Student Activity

On the Maryville College campus there are enough organized activities to capture the interest and utilize the ability of every student. To some of these organizations you may belong by merely expressing the desire. Some, however, are run on a selective membership basis, and in still others, such as the honorary fraternities, membership is a distinction that comparatively few attain.

Student Council

The Student Council is composed of eight seniors, six juniors, four sophomores, and four freshmen. This body is not student government, but it represents student opinion and works with the faculty in promoting desirable movements. The members are elected by their classes as representing student sentiment. From the Council two committees are chosen, the Student-Faculty Committee and the Highland Echo Committee.

NATIONAL HONORARY FRATERNITIES

Pi Kappa Delta

Maryville has the distinction of having the Tennessee Alpha Chapter of the national honorary fraternity Pi Kappa Delta. In the spring of 1936, representatives went to the National Convention at Houston, Texas. In the competition there they achieved high distinction.

Theta Alpha Phi

Talented dramatic students may, upon meeting certain requirements for membership, be initiated into the Tennessee Delta Chapter of the national honorary dramatic fraternity Theta Alpha Phi, located at Maryville.

Sigma Alpha Psi

The Maryville chapter of Sigma Alpha Psi was established in 1930. Membership is open to all men of the college "who maintain satisfactory scholarship and command the respect of their associates as athletes and gentlemen." Membership is earned by meeting the requirements of the various athletic tests in the presence of a responsible committee. The object of the society is the encouragement of the moral, physical, and mental development and training among college students.

Local Honorary Fraternity

Alpha Gamma Sigma was organized in the spring of 1934, for the purpose of motivating high scholarship among students. Its requirements are equal to those of Phi Beta Kappa. Ten per cent of the graduating class may be admitted provided the members have a grade point ratio of 6.5, or somewhat more than a "B" average.

LITERARY SOCIETIES

There are on the Hill two sets of literary societies. Each set consists of a society for boys and one for girls that are known as brother and sister societies. Theta Epsilon

and Bainonian are the sister societies, respectively, of Alpha Sigma and Athenian.

All four societies hold regular meetings every Saturday night. Each has its respective hall. The meetings held here consist of short business meetings followed by programs of varied sorts in which members of the society are expected to take part when called upon, in advance, by the program secretaries. Once a semester each set of societies holds a joint meeting in which boys and girls co-operate on matters of program, decorations, and refreshments.

At the beginning of the year the women's societies sponsor rush weeks to introduce new girls to the members of each society. At the end of the two weeks taken by the rush program new girls are given the opportunity to join either of the societies. Both groups are glad to receive new members, and there is a friendly rivalry as to which one can attract the larger number.

Men make their choices as to society membership by visiting regular meetings of each.

There is another form of rivalry among the societies besides that of membership. Each society presents a play during the winter known as its mid-winter. A committee of judges gives a decision as to the relative merits of the plays, and the society presenting the best play is awarded a silver cup. The society receiving the cup three years in succession is the permanent owner of it. Last year Theta Epsilon received the cup.

We sincerely hope that each new student will find a place truly his in one of the organizations. Choose the one in which you feel you will be happiest after you have carefully considered each. Each society sends a hearty greeting to every new student.

MUSICAL ORGANIZATIONS

The five musical organizations on the campus provide an opportunity to develop musical talent. Three of the organizations are choral and two instrumental.

The three choral organizations are the vesper choir, the Maryville Glee Singers, and the Women's Glee Club. The Vesper Choir is composed of nearly fifty mixed voices chosen through try-outs by the choir director. In robes and surplices it serves at the Sunday evening services, and on week days without the robes leads the daily chapel singing.

The Maryville Glee Singers is a male chorus of twenty-five voices. This chorus gives at least one concert every year. The Women's Glee club is a similar organization for women, and has for the past two years presented a light opera in cooperation with the men's group.

The combined choral organizations went to Cincinnati, Ohio, on May 21-24, 1935, and sang at the Presbyterian General Assembly.

The two instrumental organizations are the band and orchestra. The orchestra has a concert every year and plays at many other functions. The band is most active during the football season, and lends color and entertainment to the games.

RELIGIOUS ORGANIZATIONS

Besides Y. M. C. A. and Y. W. C. A. there are three other outstanding religious activities. The Ministerial Association and Student Volunteer Band are organizations for those interested in the ministry and missions respectively. The ministerial group holds

weekly meetings, but its most important activity is that embodied in four standing committees which conduct regular preaching and pastoral work in the county prison, the county almshouse, the McGhee Street Chapel, and the country churches in the vicinity of Maryville.

The Student Volunteer group is composed not only of those who have pledged themselves to the foreign field, but of those who are interested in this form of Christian work. Regular meetings of the group are held Sunday evenings after vespers. Some phase of missionary work is considered, and frequently missionaries on furlough provide valuable and inspiring first hand material.

Another religious activity is the annual series of February meetings. The first series was held in 1877, and they have been held every year since. The object of the February meetings is a deepening of the spiritual life on the campus and a strengthening of the spiritual attitude conducive to greater seriousness of thought and action. The speaker for the meetings is a prominent religious leader of the day, chosen long beforehand with the purpose of the meetings as the objective in selection.

CHURCHES OF MARYVILLE

There are in Maryville churches representing the leading denominations. They welcome the students of the College into their fellowship and strive to serve their various needs. Lead by consecrated and devoted pastors they are an important factor in the lives of Maryville students. Attend the church of your choice, enter into the activities offered, and you will gain spiritually.

CLUBS

Writers' Workshop

Students who show interest and ability in literary work may be elected to the Writers' Workshop. The members are elected from the faculty and the junior and senior classes. Each member writes and reads aloud for criticism one paper a semester.

"M" Club

The "M" Club membership is restricted to those girls who have earned the college letter by participation in athletic activity and the keeping of health rules.

Pi Upsilon

The Hi-Trail Club is a hiking club limited to twelve men. Its activities include hikes to nearby mountains several times each semester.

Home Economics Club

Home Ec majors have formed a club as the medium for the performance of practical projects in their various fields of interest.

Chemistry-Physics Club

In this club students interested in the two sciences composing its name meet to perform experiments in these fields.

Nature Club

The Nature Club is for those interested in botany, zoology, and related sciences. To be admitted you are required to take a test on general scientific knowledge. The club has carried out two outstanding projects in the past two years: (1) the tagging of the trees on the campus with their common and

botanical names and (2) the beginning of a botanical garden in the college woods. At its weekly meetings students or faculty members give talks on subjects in the field of natural science.

Pre-Medical Club

This club is composed of those whose major interest lies in the practice of the medical profession, and aims to create a better understanding of the problems and interests of this field today.

Language Clubs

For students interested in modern languages, there is opportunity to gain confidence in the use of the tongue, to increase your knowledge of foreign customs, and to have a lot of fun in the French, German, and Spanish clubs.

State Clubs

Wherever you come from there is almost sure to be someone else from there too, with whom you can form an organization named after your part of the country. There is a club for nearly every state represented by the student body. The purpose of the clubs is purely social.

Publications

There are two student publications, the weekly "Highland Echo" and the annual "Chilhowean." The "Highland Echo" is a newspaper, reporting campus news. Twelve freshman apprentices are chosen by examination of samples of their writing called for by their English teachers.

SCHEDULE OF CLASSES, 1936-1937

First Semester

	Mon.	Tues.	Wed.	Thurs.	Fri.	Sat.
8:30- 9:25						
9:25-10:20						
10:20-11:15						
11:15-12:10						
1:10- 2:05						
2:05- 3:00						

BELL SCHEDULE

6:00 A.M.	Rising Bell.
6:56 A.M.	Breakfast Bell.
7:50 A.M.	First Chapel Bell.
8:05 A.M.	Second Chapel Bell.
8:30 A.M.	First Hour Class.
9:25 A.M.	Second Hour Class.
10:20 A.M.	Third Hour Class.
11:15 A.M.	Fourth Hour Class.
12:10 P.M.	Fourth Class Dismissal.
12:17 P.M.	Dinner.
1:10 P.M.	Fifth Hour Class.
2:05 P.M.	Sixth Hour Class.
3:00 P.M.	Class Dismissal.
5:55 P.M.	Supper.
6:45 P.M.	First Study Bell.
7:00 P.M.	Second Study Bell.

Extra Sunday bells are scheduled as follows:

1:00 P.M.	For Y. M. C. A. and Y. W. C. A. Meetings.
6:45 P.M.	First Vesper Bell.
6:55 P.M.	Second Vesper Bell.
7:00 P.M.	Third Vesper Bell.

PART IV

ATHLETICS

MARYVILLE ATHLETIC POLICY

Maryville stands for the well-rounded, well developed life. For many years the College has realized the necessity for physical development along with the development of the mind and spirit. As a result Maryville College holds no mean place among the schools of the South in regard to her athletic activities. Her teams rank high in the sports world of institutions of similar size. Besides her inter-collegiate program there is a well directed and well organized intra-mural program which will be more fully described later.

Maryville is the largest institution in what is known as the Smoky Mountain Conference. This conference is composed of ten colleges and universities in East Tennessee and Western North Carolina. Few conferences in the country have achieved the reputation for honest and clean sports activity that this conference enjoys. Hardly a year passes that does not find Maryville at the top of the conference in at least one sport. During the past year the Highlanders captured three championship titles. The Smoky Mountain Conference crown came to Maryville in basketball and track, and for the fifth consecutive year Coach Bob Thrower led his grapplers to the state championship. In former years conference titles in football and baseball have been taken by Maryville frequently. Besides the numerous titles won by Maryville athletic teams there has come to Maryville through the years a splendid reputation for clean and fair playing.

Maryville does not buy her athletes. It is not deemed wise or proper to commercialize or to over-emphasize the athletic feature of the College in such a way.

Those who come to Maryville readily enter upon the athletic program and render their services whole-heartedly in the effort to develop themselves physically and to win athletic prestige for the College. Places on Maryville teams are won by physical and scholastic ability. To have the physical ability alone is not enough for the Maryville athlete. He must be well-rounded in his activity.

The men's athletic program is under the direction of Head Coach Lombe S. Honaker assisted by Coach Bob Thrower. Their reputations as coaches are known far and wide from the fine calibre of the teams that they produce. They are ready and willing to develop your possibilities and to give you an opportunity to be of those who bring athletic glory to the College.

For several years Maryville has been included on the schedules of much larger colleges and universities. Although she seldom conquers the larger prey she gains experience and training that are invaluable. And more than that—spectators in such contests never fail to be impressed by the fighting spirit of the Maryville aggregation.

As you come to College make up your mind to try out for at least one of the varsity sports. Perhaps you have never realized your possibilities. Athletes are being made at Maryville each year. If you cannot, for some reason or other, try out for varsity sports or for intramural sports give your loyal support. After all, the Maryville Spirit is what you make it. Be a loyal "Scottie" either on the field or in the stands.

VARSITY SPORTS

Football

On some Friday night very soon after the opening of the school year the arc-lights of Wilson Field will be snapped on, the campus will be all-a-chatter with hurrying throngs, and the Band will strike up the old pep tunes. Then you will know that the football season at Maryville is officially under way. From the moment that the thud of the opening kick-off is heard you will experience never-to-be-forgotten thrills whether you be on the field, on the bench, or in the stands.

Football practice gets under way about two weeks before the opening of the school year and with the coming of new men the squad gradually rounds into shape for the opening game. About fifty men enter into competition each year for varsity positions. These eleven positions are all open. If you have the stuff one of them may be yours. Report as early as possible to Coach Honaker and Coach Thrower. Strive to make the varsity but if you don't make it the first year don't be discouraged. The coaches are interested in you and will give you personal attention even though you remain a "scrub". If you are willing to work hard your efforts will be rewarded.

Make up your mind to get out there and to show what you have. Play squarely with the coaches and with the rest of the squad. They will in turn play squarely with you.

Basketball

Basketball at Maryville is a very prominent part of the athletic program. For the past two years the Maryville cagesters

have captured the conference title, and, as a result, greater interest is being shown in basketball at Maryville than has been shown in many years.

The sport comes under the capable coaching of Coach Lombe S. Honaker. During the closing days of the football season the call is issued and the Alumni Gym begins to resound with the noise of bounding spheres. Preparation is then under way for the production of a polished, well balanced cage machine. A long schedule in which various independent and conference teams are met brings basketball activity well into March before the season comes to an end.

Although Maryville copped the title last year with a team that will probably return this year there is opportunity for you if you can play basketball. There is plenty of room for improvement. Let us see you out to make that basketball varsity.

Baseball

Last year for the second time in fifteen years Maryville failed to win the conference championship in baseball. This is a record that Maryville may well be proud of, but the fact that she failed to gain the championship last year reveals that there are positions on the team that need to be filled.

Coach Honaker is said by many to be one of the best baseball coaches in the South. He really knows his baseball. Many who have come under his tutelage have gone up to the big leagues and have made good. Scouts are ever on the watch "for what Honaker has at Maryville" for they respect his coaching ability. If you can play baseball, Coach Honaker wants you.

for he must have sound material for his championship teams.

A long schedule is played, many trips are taken, and everybody is amply repaid in good times for energy expended. Let's see you out on the diamond when the cracks of the bats and the thuds of caught balls are heard in the spring.

Track and Field

Maryville is widely recognized as the home of strong track and field teams. Just take a look at her record for last year—winner of the Smoky Mountain Conference championship, and runner-up in the State Meet in competition with such teams as the University of Tennessee, Sewanee, etc.

One of the main reasons for her supremacy in this field lies in the excellent coaching by Coach Bob Thrower. Coach Bob's record for the shot put, established when he was a student in Maryville, has not been broken. This record along with the other college track records is listed on a later page.

Track practice gets under way about the middle of March and holds sway until the first week or two in May. The schedule calls for six or more meets among which is the state track and field meet, and the Smoky Mountain Conference Meet.

There are many departments in which you may be able to display skill. Drive at some of those college records!

MINOR VARSITY SPORTS

Cross-Country

Cross-country running is gaining impetus at Maryville rapidly due to increased intercollegiate competition and increased interest in the school championship. Last year's record was featured by victories over the University of Tennessee and Lincoln Memorial University. The cross-country run for the school championship is scheduled each year during one of the home football games and always creates great interest. A cup is presented to the winner by the Y. M. C. A. The race is five miles long and the record is 26 minutes and 20 seconds. Let's see you out to lower that record this fall. Incidentally the holder of the record, Stuart Snedeker, set a new record for the 5,000 meter run in the Junior A. A. U. meet at New Orleans last year and won the same distance race in the Senior A. A. U. meet.

Wrestling

As has already been stated Maryville for the fifth consecutive time copped the state wrestling championship last year. Under the guidance and training of Coach Bob Thrower Maryville grapplers have built up an enviable reputation. The team that won the state championship last year, however, will suffer greatly from the loss of several mainstays on the team. These places as well as the other positions are open to you if you can make the grade. You can fit into one of the eight different weight divisions. Come out, and let's win another state championship!

Tennis and Swimming

Coach Fischbach handles these two sports and does a very fine job of it. He has

winning teams, many trips are taken, and you can't help liking to work under this coach. Maryville made a very good showing in both tennis and swimming during the last season, so, if you can wield the racquet or paddle the water, let's see you out.

INTERCLASS SPORTS

Last year a decided improvement was made in the intra-mural sports program. This program is carried on under the auspices of the Y. M. C. A. and includes interclass competition in everything from checkers to football. Each sport counts so many points, and the class which gets the most points for the entire year gets the cup.

With the purchase of new material and the addition of new fields of competition interclass sports are rapidly assuming a more prominent place in the athletic program. Herein lies a chance for you who do not go out for the varsity. You have no fear of varsity competition in these sports, for all "letter" men and men on the present squads are ruled out of the events, and it is left entirely up to those who do not go out for varsity competition.

Support your class teams by taking part in the competition. Not only does the class team need your support but also you need the physical development and fellowship to be gained in these contests.

LETTERS AND MONOGRAMS

Designs

Football: Garnet sweater bearing garnet letter "M" 8 inches by 8 inches.

Basketball: Garnet sweater bearing garnet letter "M" 6 inches by 6 inches.

Baseball: Garnet sweater bearing garnet letter "M" 7 inches by 7 inches.

Track: Garnet sweater bearing garnet letter "M" with wings, 5-inch block.

Wrestling: Letter "M", 5 inches by 5 inches.

Tennis: Letter "M", 5 inches by 5 inches.

Swimming: Letter "M", 5 inches by 5 inches.

The letter for women's athletics is more decorative in form and the monogram consists of an "M" and a "C" superimposed upon each other.

THE WEARING OF MARYVILLE LETTERS

Maryville letters and sweaters are to be worn only by those who have won them in the various sports. Those winning letters will be so designated by the coaches. Any violation of this rule is frowned upon by students and faculty. Any good Maryville student who is loyal to the school would never wear a letter unless he or she has earned it.

Any letter or monogram from any other school, be it high school or college, can not be worn while you are at Maryville. Several times this rule has been violated, especially by the women students. Maryville has no way of enforcing this ruling but by the will of the students. We hope your loyalty to Maryville will not allow you to break this rule. So leave all your high school letters at home and come to college with the idea of having a Maryville "M" on your sweater in the near future. Anyone is proud to wear a Maryville "M".

WOMEN'S ATHLETICS

Point System of Athletic Awards

Since the intercollegiate contests have been dispensed with, the point system has been adopted. Women are given an opportunity to participate in every sport, and a chance to win the coveted monogram, the small letter, or the large letter and sweater. By qualifying for basketball, soccer, volley ball, indoor baseball, and speed ball teams a girl may win 30 points for each team. Additional points are awarded for sportsmanship, membership on a squad, captain of a team, and perfect attendance. In swimming, track, hiking, and aerial dart tournaments, 50 points each may be won. High scholarship adds a certain percent to the total of points won. The observance of health rules may total 25 points for each semester.

Honors are awarded as follows: 300 points, Maryville Monogram (MC); 400 points, Maryville "M"; 500 points, Maryville "M" with sweater.

Tournaments

The Y. W. C. A. sponsors a fall and spring tennis tournament. In 1935-36, because of unfavorable weather, only one singles tournament was held, however. The winner was Martha Evelyn McSpadden. The winners of the doubles tournament were Dorothy Whittington and Hazel Eddins.

PART V

SONGS, COLORS, YELLS

COLLEGE SONGS

The Alma Mater

I.

Where Chilhowee's lofty mountains
  Pierce the southern blue,
Proudly stands our Alma Mater,
  Noble, grand, and true.

II.

As thy hilltop crowned with cedars,
  Ever green appears;
So thy memory fresh shall linger
  Through life's smiles and tears.

III.

Lift the chorus, wake the echoes,
  Make the welkin ring!
Hail the queen of all the highland!
  Loud her praises sing.

Chorus after each stanza:

Orange, garnet, float forever,
  Ensign of our hill!
Hail to thee, our Alma Mater!
  Hail to Maryville.

Note.—An erect standing position and an uncovered head are prerequisite to a respectful attitude toward the Alma Mater at a time when it is being played or sung.

Dear Old Maryville

I.

Near Chilhowee's mountain blue, Stands our Alma Mater true,
Dear old Maryville, to thee we lift our song.
'Neath thy cedar grove so fair, We shall breathe the mountain air,
While with merry hearts the chorus we prolong.

II.

As the morning sunbeam's light Greets thee o'er Chilhowee's height.
So our tribune, We as freely to thee bring.
Youth's true homage full and free, We thus gladly render thee,
Dear old Maryville, thy praise we freely sing.

III.

To thee, guardian of our youth, Faithful guide to light and truth.
We, thy children, bring our songs of grateful praise.
And when we shall leave thy hill, We shall ne'er forget thee still,
Dear old Maryville, the scene of happy days.

Chorus after each stanza:

Sing we a song of our dear college home,
Fondly we love thee still,
And wherever we may be, Fond mem'ry turns to thee.
Our Alma Mater, dear old Maryville.

The Old Pep Song

We've got the rep, rep, rep, of old Maryville!
We've got the pep, pep, pep, of old College Hill!
We've got the strength to knock 'em stiff
And never know the diff,
For we're from Maryville of Tennessee.

The New Pep Song

Here we go! Here we go!
Down the field to crush the foe,
As the Scotties go marching along.
Men of might! Men of fight!
Orange, garnet, waving bright
While we make the Hill merry with song
Then it's hi, hi, hi,
We'll win this game or die.
Highlanders! Fight to the end.
Rah! Rah!
And we won't be done
Until the victory's won
For the pride of our hearts—Maryville!

ATHLETIC NOTES

Maryville College

MARYVILLE, TENNESSEE

One Hundred and Eighteenth Year
Begins September 9, 1936

●

Maryville College is one of the important church-related institutions of America, and seeks to be true to the noblest traditions of the association of education and religion. Its Directors are elected by the Synod of Tennessee of the Presbyterian Church in the U. S. A.

It is a Christian liberal-arts college with the purpose of providing a general cultural education. It is not a professional or pre-professional school, although its courses form sound foundational preparation for professional study.

Its fees are deliberately kept at a low figure for the benefit of those who might not be able to attend otherwise. This makes earnest co-operation on the part of all an essential factor.

It desires to select its students on the basis of preparation, earnestness, capacity, character, and co-operativeness.

BAINONIAN

Greetings and a hearty welcome, new girls. Bainonian, the oldest and largest of the women's societies wishes you every success in your college course. We are interested in you and want to make your college days the happiest ever. Only with friends can you be your happiest. Bainonian offers you her friendship and extends a cordial invitation to you to become an active member. Let's be friends and "go forward" throughout college and life with Bainonian.
